

International Emergency and Expatriate Dental Program

Instructions For Dentists

DeCare Dental is a leading dental benefit management company, serving a variety of dental benefit brand names across the United States and Europe. Collectively, DeCare Dental brands serve 4 million members.

PROGRAM OUTLINE

We want to ensure you have the information you need to assist our members. Members, who belong to a dental benefit brand managed by DeCare Dental, have enrolled in either the International Dental Emergency Services Program or the Expatriate Dental Benefits Program and are eligible to receive coverage for dental care, as per their dental benefit plan.

Members have been instructed to visit participating dentists, such as yourself, to receive appropriate dental care. Members find a participating dentist by either visiting their dental benefit plan's Web site or calling our international customer service team.

WHAT DENTISTS CAN EXPECT

As a dentist participating in the DeCare Dental international program, you may see patients belonging to one of the many dental benefit brands we manage. Patients enrolled in the International Emergency program may visit you for urgent, emergency dental treatment needs. Patients enrolled in the Expatriate Dental Program may visit you for more routine dental care.

PATIENT PAYS YOU DIRECTLY

In all instances, **the patient is responsible for paying you in full at the time services are rendered** or upon receipt of your invoice or bill. Any payment arrangement you have with your patient regarding individual billing is between you and the patient; this includes immediate deferred or installment payments.

COMPLETION OF CLAIM FORM

You may complete or assist your patient in completing the dental claim form. For your convenience, we have included detailed instructions on **How to Complete the Claim Form** (page 3). In addition, you also may call our international customer service center in the Republic of Ireland at + 353-94-9372257. Customer Service staff are available between the hours of 0830 and 1700 Greenwich Mean Time (GMT), Monday through Friday, for assistance in completing the claim form.

In addition to the completed claim form, the patient will also require an invoice detailing all treatment services received during their visit. The patient must submit (you may submit it on behalf of the patient as well) the completed claim form and detailed invoice to receive reimbursement. Please note, all International Emergency program claims are submitted to our U.S. office. All Expatriate Dental Program claims are submitted to our offices in the Republic of Ireland.

PATIENT REIMBURSED DIRECTLY BY DENTAL CARRIER

The patient will receive reimbursement for services, per their plan, from their specific dental carrier.
